Abstract

In this paper, the formatting requirements for International Conference on International Business, Economy, and Trade (IBET2024) are described. Some recommendations on writing for a worldwide readership are offered. Please review this document to learn about the formatting of text, table captions, references, and the method to include the indexing information. All accepted abstracts will be published in the conference proceeding. The full paper in Word file shall be written in compliance with these instructions.

Keyword: 4-6 keywords

1. Introduction

It is expected that authors will submit carefully written and proofread material. Careful checking for spelling and grammatical errors should be performed. The number of pages of the paper is not limited.

Papers should clearly describe the background of the subject, including the methods used, results and concluding discussion on the importance of the work. Papers are to be prepared in English must be used. Technical terms should be explained unless they may be considered to be known to the conference community.

2. Paper Format

The uniform appearance will assist the reader to read paper of the proceedings. It is therefore suggested to authors to use the example of this file to construct their papers. This particular example uses an American letter format with 25 mm margins left, right, top and bottom.
